

JEFFREY SAVAGE

Title of presentation:

Crypto-currency and its position in transnational organized crime.

(“I will give a foundation of crypto currencies, how it’s being used by criminal organizations, and how and why the US Secret Service investigates it.”)

Bio:

BS in Criminal Justice in 1995 from East Carolina University with a concentration in Pre-law

1995-2000 Software developer in both classified and commercial environments

2000 – Joined the US Secret Service and was assigned to the Washington Field Office

2008 – Served for 5+ years on the Vice President’s Protective Detail (VP Cheney and VP Biden)

2013 – Served over 2.5 years in our Special Operations Division focusing on Airspace Security

2015 – Assigned to the US Embassy Bucharest where my focus has been in two roles.

Protection Advance for 62 countries as well as focusing on investigations involving Transnational Organized Crime Groups with the focus being any criminal proceedings with financial obligations that would affect the US economy or it’s citizens.
